
AGENDA

SATURDAY, DECEMBER 3

- 7:30 a.m. – 8:05 a.m.** **Welcome/Introductions and Tips for Success**
Stuart Haines, Pharm.D., BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP
- 8:05 a.m. – 9:35 a.m.** **Research Methods and Data Analysis**
Stuart Haines, Pharm.D., BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP
ACPE Number: 0204-0000-22-609-L04-P
Application-based: 1.5 credit hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
1. Analyze biomedical literature with regard to study methodology, statistical analysis, and significance.
 2. Explain the use of evidence-based treatment guidelines and protocols.
 3. Interpret the biomedical literature and its application to clinical practice.
- 9:35 a.m. – 9:45 a.m.** **Break**
- 9:45 a.m. – 11:15 a.m.** **Cardiovascular Disease: Primary Prevention Case**
Kristin Watson, Pharm.D., BCCP
ACPE Number: 0204-0000-22-605-L01-P
Application-based: 1.5 credit hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
1. Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including hypertension, dyslipidemia, chronic kidney disease, diabetes, and obesity.
 2. State the Center for Disease Control and Prevention Advisory Committee on Immunization Practices recommendations for adult immunizations.
 3. Determine how to advise a patient on point-of-care testing to measure response to drug therapy.
 4. Discuss national benchmarking standards and implications to patient care.
- 11:15 a.m. – 11:35 a.m.** **Break**

SATURDAY, DECEMBER 3 (CONTINUED)

- 11:35 a.m. – 12:35 p.m.** **Evidence-based Practice and Resources**
Stuart Haines, Pharm.D., BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP
ACPE Number: 0204-0000-22-609-L04-P
Application-based: 1 credit hour
Objectives:
At the end of the presentation, the pharmacist should be able to:
1. Identify sources of information to use in addressing questions that arise in one’s practice or from patients and other healthcare professionals.
 2. Explain how to provide education regarding the principles and practices of evidence-based medicine to current and future health care professionals.
- 12:35 p.m. – 1:35 p.m.** **Lunch (on your own)** - or bring your lunch and join us for an informal round of “EBP Jeopardy” to fine tune your “Evidence-Based Practice”
- 1:35 p.m. – 3:05 p.m.** **Providing Safe and Effective Pharmacotherapy:
Key Regulatory and Quality Approaches**
Patricia C. Kienle, B.S.Pharm., M.P.A., BCSCP, FASHP
ACPE Number: 0204-0000-22-608-L05-P
Application-based: 1.5 credit hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
1. Explain the regulatory and accreditation expectations of a comprehensive medication use program.
 2. Describe methods to develop and maintain a medication use system.
 3. Discuss technology used to promote safe and effective medication use.
 4. Apply national regulations and evidence-based practices related to medication safety and quality.
 5. Interpret results from pharmacotherapy-related quality improvement activities.
- 3:05 p.m. – 3:15 p.m.** **Break**

SATURDAY, DECEMBER 3 (CONTINUED)

3:15 p.m. – 4:45 p.m.

Cardiovascular Disease: Secondary Prevention Case

Snehal Bhatt, Pharm.D., BCPS-AQ Cardiology, FASHP

ACPE Number: 0204-0000-22-606-L01-P

Application-based: 1.5 credit hours

Objectives:

At the end of the presentation, the pharmacist should be able to:

1. Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including atrial fibrillation (AF), acute coronary syndromes (ACS), and gastroesophageal reflux disease (GERD).
2. Develop a plan to address continuity of care issues.
3. Formulate a medication therapy plan for smoking cessation.
4. Determine how to manage drug – drug and drug-induced disease interactions in a patient with ischemic heart disease.
5. Discuss quality of life in this population.
6. Discuss national benchmarking standards and implications to patient care.

4:45 p.m. – 4:55 p.m.

Break

4:55 p.m. – 6:25 p.m.

Complex Pediatric Asthma Case

Jill Morgan, Pharm.D., BCPS, BCPPS

ACPE Number: 0204-0000-22-613-L01-P

Application-based: 1.5 credit hours

Objectives:

At the end of the presentation, the pharmacist should be able to:

1. Select optimal treatment and monitoring for a complex patient-case with acute asthma exacerbation, acute otitis media, and seasonal allergies.
2. Apply methods for counseling a patient and/or caregiver in asthma self-management with comprehensive documentation of the patient counseling.
3. Develop a plan for childhood vaccinations in a child who has been delayed in receiving them.
4. Implement principles of shared-decision making and culturally effective care when using complementary/alternative medicine in a pediatric patient.

SUNDAY, DECEMBER 4

7:30 a.m. – 7:35 a.m.

Announcements

Victoria R. Nachar, PharmD, BCOP

7:35 a.m. – 9:05 a.m.

Oncology and Supportive Care Case

Victoria R. Nachar, PharmD, BCOP

ACPE Number: 0204-0000-22-610-L01-P

Application-based: 1.5 credit hours

Objectives:

At the end of the presentation, the pharmacist should be able to:

1. Select the appropriate treatment and monitoring for a complex patient case with multiple conditions, including breast cancer, febrile neutropenia and pulmonary embolism.
2. Compare and contrast current breast cancer screening recommendations.
3. Develop a plan to manage pain and nausea/vomiting in a patient with cancer.
4. Discuss safety issues in this population.
5. Discuss adherence issues with oral chemotherapy regimens.

9:05 a.m. – 9:15 a.m.

Break

9:15 a.m. – 10:45 a.m.

Complex HIV/AIDS Case

Douglas Slain, Pharm.D., BCPS, FASHP

ACPE Number: 0204-0000-22-612-L02-P

Application-based: 1.5 credit hours

Objectives:

At the end of the presentation, the pharmacist should be able to:

1. Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including dyslipidemia, and hepatitis B.
2. Identify and manage common drug interactions experienced by HIV-treated patients.
3. Identify and manage common adverse drug reactions experienced by HIV-treated patients.
4. Determine appropriate medication choices for the treatment and prevention of common opportunistic infections.
5. Discuss quality of life issues in terms of medication therapy for HIV-infected patients
6. Identify and recommend appropriate resource organizations/groups to assist a specific patient.

SUNDAY, DECEMBER 4 (CONTINUED)

10:45 a.m. – 10:55 a.m.	Break
10:55 a.m. – 11:20 a.m.	Board of Pharmacy Specialties Examination Overview
11:20 a.m. – 12:20 p.m.	Lunch (on your own)
12:20 p.m. – 1:50 p.m.	Complex Heart Failure Case Christopher Betz, Pharm.D., BCPS, FKSHP, FASHP ACPE Number: 0204-0000-22-607-L01-P Application-based: 1.5 credit hours Objectives: At the end of the presentation, the pharmacist should be able to: <ol style="list-style-type: none">1. Select optimal treatment and monitoring for a complex patient-case with multiple conditions, including heart failure, electrolyte disturbances in acute decompensated heart failure, diabetes, and a thyroid disorder.2. Discuss the medications that should be avoided in heart failure.3. Identify safety issues in this population.4. Define inadequate health literacy in this population.
1:50 p.m. – 2:00 p.m.	Break
2:00 p.m. – 3:30 p.m.	Complex Nursing Home Patient Case Kalin M. Clifford, Pharm.D., BCPS, BCGP, FASCP ACPE Number: 0204-0000-22-611-L01-P Application-based: 1.5 credit hours Objectives: At the end of the presentation, the pharmacist should be able to: <ol style="list-style-type: none">1. Select the appropriate treatment for a complex patient-case with multiple conditions, including stroke, depression/anxiety, dementia, chronic COPD management, osteoarthritis, osteoporosis, and pain.2. Discuss complementary/alternative medicine and safety issues in this population.3. Discuss quality improvement initiatives and regulations in the nursing home setting.
3:30 p.m. – 3:40 p.m.	Break

SUNDAY, DECEMBER 4 (CONTINUED)

3:40 p.m. – 5:10 p.m.

Complex Pneumonia Case

Marc H. Scheetz, Pharm.D., M.S., BCPS-AQ ID

ACPE Number: P0204-0000-22-614-L01-P

Application-based: 1.5 credit hours

Objectives:

At the end of the presentation, the pharmacist should be able to:

1. Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including pneumonia, acute renal insufficiency, sepsis, COPD and dehydration.
2. Interpret clinical data, including lab, physical examination and vital signs.
3. Determine and prioritize pneumonia-related treatment goals.
4. Determine approaches to manage drug allergies and select next best drug therapy when primary drugs are precluded.
5. Discuss approaches to limiting antimicrobial over use by stewarding antibiotic usage appropriately.
6. Discuss safety issues in patients receiving treatment for pneumonia

5:10 p.m. – 5:20 p.m.

Closing Remarks

Marc H. Scheetz, Pharm.D., M.S., BCPS-AQ ID

ACCREDITATION FOR PHARMACISTS

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

FACULTY

Christopher Betz, Pharm.D., BCPS, FKSHP, FASHP*

Professor, Department of Clinical and Administrative Sciences & Cardiology Clinical Pharmacy Specialist
Sullivan University College of Pharmacy
Louisville, Kentucky

Snehal Bhatt, Pharm.D., BCPS-AQ Cardiology, FASHP*

Associate Professor of Pharmacy Practice and Clinical Pharmacist
MCPHS University and Beth Israel Deaconess Medical Center
Boston, Massachusetts

Kalin M. Clifford, Pharm.D., BCPS, BCGP, FASCP

Assistant Professor of Pharmacy Practice, Geriatrics Division
Texas Tech University Health Sciences Center School of Pharmacy
Dallas, Texas

Stuart Haines, Pharm.D., BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP

Professor of Pharmacy Practice
Director of the Division of Pharmacy Professional Development
University of Mississippi School of Pharmacy
Jackson, Mississippi

Patricia C. Kienle, B.S.Pharm., M.P.A., BCSCP, FASHP

Director, Accreditation and Medication Safety
Cardinal Health Innovative Delivery Systems
Wilkes-Barre, Pennsylvania

FACULTY (CONTINUED)

Jill Morgan, Pharm.D., BCPS, BCPPS

Associate Professor and Chair for the Department of Pharmacy Practice and Science
University of Maryland School of Pharmacy
Baltimore, Maryland

Victoria R. Nachar, PharmD, BCOP

Clinical Pharmacist Specialist - Ambulatory Hematology
Michigan Medicine Rogel Cancer Center
Adjunct Clinical Assistant Professor
University of Michigan College of Pharmacy
Ann Arbor, Michigan

Marc H. Scheetz, Pharm.D., M.S., BCPS-AQ ID

Associate Professor and Infectious Diseases Pharmacist
Midwestern University
Downers Grove, Illinois
Infectious Diseases Pharmacist
Northwestern Medicine
Chicago, Illinois

Douglas Slain, Pharm.D., BCPS, FASHP*

Professor and Infectious Diseases Clinical Specialist
West Virginia University
Morgantown, West Virginia

Kristin Watson, Pharm.D., BCCP

Associate Professor
University of Maryland School of Pharmacy
Baltimore, Maryland
