

## Re-post a listing from last year

### Important notes before you start

- As we are using a job board technology for the program listing, there are certain instances where your listing will be referred to as a “job,” not a residency.
- Although it will ask you to “checkout” and “purchase,” the package you are purchasing is free. You will not be charged for anything unless you choose to upgrade your listing to a featured listing.
- After you submit a listing, it must be approved to ensure only Residency Showcase participants are using the portal. Your new listing and changes will take time to appear.

### Instructions

1. Sign in to your account on the [Programs Listing Home Page](#) with last year’s password. If you do not remember your password, please use the “Forgot Your Password” link. If you are a new user, please create a new account and use the Post a New Listing Instructions.
2. Click on “Manage Jobs”

5. Check pre-filled out fields for accuracy. **IMPORTANT! You MUST update the booth number and/or session if they have changed.** Other fields can be left alone or edited as you choose. All mandatory fields (the ones with a \* next to the field name) must be filled in.
  - a. Title – Title of the residency as you’d like it to appear to candidates.
  - b. Description – Description of the residency as you’d like it to appear.
  - c. Requirements (optional) – Any specific requirements for a candidate to be eligible.
  - d. Education (optional) – Is there any previous education required?
  - e. Booth number – Your booth number at Residency Showcase.
  - f. Session – The day and time your booth will be active.
  - g. PGY1, PGY2, and PGY1/PGY2 – Select option(s) from only one of these 3 categories that will describe the type and specialty of your residency program. If you are listing a PGY1 program, only select a specialty from PGY1 and skip PGY2 and PGY1/PGY2, etc.
  - h. Display program as (optional) – if you would like the program’s name to be displayed differently than the company name shown in your account, you can do so for this individual listing.
  - i. Keywords – When a candidate is browsing the portal, they can search by keywords. If a word or phrase is in the description or title of the listing, it will show in these results. If you would like your listing to show up under any keyword searches that are not in the description or title of the listing, please add them here.
  - j. Notes (optional) – Will not appear publically, only for your reference.
6. Check “I agree” with the government compliance and “Preview Job” at the bottom of the page

The screenshot shows a web form for creating a job posting. On the left side, there are labels for 'Send Applicants to', 'Keywords', 'Government Compliance', and 'Notes'. On the right side, there is a radio button for 'Disabled', a text input field for 'Keywords', a text area for a legal disclaimer, a checked checkbox for 'I agree', another text input field for 'Notes', and a 'Preview Job >' button. Two red arrows point from the left towards the 'I agree' checkbox and the 'Preview Job >' button.
