Virtual Meeting Production

Satellite Symposium virtual program production is the responsibility of the supporting company or their third party designee. Supporters will need to provide ASHP with a hyperlink, hosted by the supporter or third party organizer, to their program information and/or registration web page. This web page will also need to communicate how to connect to and include the link to the live or pre-recorded session on the day of your program. This link will be included on your listing from the ASHP Midyear meeting website and virtual platform.

Program Staff

All speakers, moderators, and organizer's staff members for Midday Symposia must be registered for the ASHP Midyear Clinical Meeting. The organization coordinating the Midday Symposium is responsible for ensuring all speakers, moderators, and staff are registered in advance of the session.

Symposium Promotion

Program information will be published on the ASHP meeting website and in ASHP attendee communications. Any promotional material, print or digital, must be reviewed and approved by ASHP. It must include the following phrase: "A Virtual Satellite Symposium conducted at the 2020 ASHP Midyear Clinical Meeting and Exhibition." Other phrases or references to ASHP or the ASHP meeting are not permitted. Activity organizers may not use the ASHP logo or ASHP meeting graphics on symposium materials and may not list ASHP as a co-sponsor of the activity. If you are preregistering attendees, printed or digital marketing material must also indicate preregistration is for planning purposes only and virtual attendance will be available on a first-come, first-served basis. Visit our [advertising page](#) to learn more about renting mailing lists and other promotions.

CE Credits

All commercially supported symposia must offer ACPE-approved continuing pharmacy education credit. It is the responsibility of the organization responsible for planning and conducting the program to arrange for an ACPE-accredited provider to serve as the provider for the program. ASHP will not assume responsibility for providing continuing education credit for a commercially supported symposium. A commercially supported symposium must be conducted in accordance with the ACPE criteria for Quality, the ACCME Standards for Commercial Support, and the FDA Guidelines for Commercially Supported Scientific and Educational Activities.
