# ADDING AN IMAGE

1. Select the Canva template you want to customize then click the "Use template" button.

2. Click on the frame you want to edit.

3. Select **UPLOADS** in the left toolbar and click the **UPLOAD MEDIA** button to add your photo to the image library.

4. Drag and drop your photo into the frame.

5. To reposition, double-click your photo and adjust.

6. To download your image, click **SHARE** and select **DOWNLOAD**.
