

2026 Midyear Clinical Sessions for Recertification

Please note: Continuing Pharmacy Education Credit can be claimed by following general Midyear CE processing instructions.

The information below is intended for pharmacists seeking recertification credit, in one of these areas:

- **Ambulatory Care Pharmacy, BCACP**
- **Critical Care, BCCCP**
- **Emergency Medicine, BCEMP**
- **Geriatric Pharmacy, BCGP**
- **Oncology Pharmacy, BCOP**
- **Pediatric Pharmacy, BCPPS**

Several ASHP Midyear Clinical Meeting sessions were developed as a part of ASHP/ACCP's professional development program for recertification of board-certified pharmacists. These activities are approved by the Board of Pharmacy Specialties (BPS). For pharmacists who maintain more than one certification, some of these sessions provide credit for more than one specialty. A range of 4 to 6 hours of credit may be earned, depending on the specialty.

How does this work?

1. You must purchase the desired recertification package (BCACP, BCCCP, BCEMP, BCGP, BCOP, BCPPS) by **December 9 at 12:00 PM Eastern Time**. This is in addition to Midyear registration.
2. Participate in the live sessions during the ASHP Midyear Clinical Meeting. The recertification package, including recorded sessions and assessments, will be available online for all of the sessions in your selected specialty.
3. The Clinical Session assessments will be available online December 16, 2026 – December 14, 2027. To earn recertification credit, complete and **pass the recertification assessment(s)** for the desired specialty/session(s).
4. **Dual certified?** Passing a recertification assessment for a session with multiple certifications will provide you hours for each of your specialties. For example, by passing the assessment for the **"Applying Continuous Glucose Monitoring to Reduce Clinical Inertia in Diabetes Management"** activity, you earn hours toward BCACP and BCGP. Sessions with multiple certifications are outlined in the Clinical Session table. You may purchase more than one specialty package.

Note: If you are currently enrolled in a 3-Year Recertification Plan or the RRRP, the Clinical Session package of your selected specialty is included as part of your enrollment.

Have you already purchased your recertification package?

In order to claim recertification credit, you must have purchased the recertification assessments in addition to your Midyear registration.
