

## Poster Mentor Onsite Instructions

### What does a mentor do?

A poster mentor discusses a project with a student or resident and provides feedback on the project's objectives, methodology, data analysis, and conclusions.

**Please review the detailed instructions below on your role as a Poster Mentor.**

1. When you arrive at the poster session, **check in at the Poster Mentor table** so your badge can be scanned.
2. A QR code will be available at the Poster Mentor Table. Poster mentors will need to scan the QR code to access the feedback criteria to include in their conversations with the poster presenters.
3. An ASHP team member will hand you **3 "Mentored" star cards**. See example below.

4. You will be instructed to start with a poster without any "Mentored" stars pinned to the poster board.
  - ❖ **If a poster has 3 "Mentored" stars, we encourage you to visit a poster without less stars or none.**
5. Once you have completed your poster mentor responsibilities, **pin a "Mentored" star card on the lower left hand-corner of the poster board.**
  - ❖ This will help other poster mentors and ASHP staff identify the "Mentored" posters.
  - ❖ The goal is for all posters presenters to have at least one "Mentored" star pinned to their board.
6. If interested, Poster Mentors may return to the Poster Mentor Table to pick up more "Mentored" stars and visit more posters.

**Poster Mentors are also welcome to return to different resident or student poster sessions.**
